

Filip Rezabek

rezabek@net.in.tum.de

About me

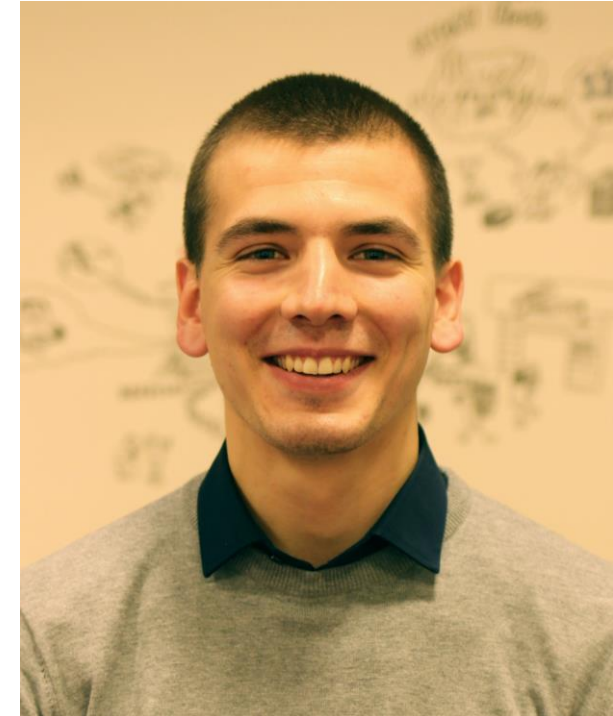

- M. Sc. Communications Engineering
- PhD Candidate
- Chair of Network Architectures and Services
- Joined in April 2020

Research focus

- Network security
- Applied and threshold cryptography
- System resilience

Short talk about Master's thesis

- Fault-Proof and Tamper-Resistant Certificate Issuance

Questions & Discussion interests

How to recover a system when multiple subsystems are compromised?

How to assess whether a deployed system will retain its safety and security guarantees for a longer lifetime?

Security, Privacy, and ...
