MIR<sup>3</sup>  
September 12-13, 2022

# Research Interests

---

- Internet Measurements
- Internet (De)Centralization
  - Current state of DNS, Web, video streaming
  - Tradeoffs between centralized and decentralized solutions
  - Impact of/on protocol deployment
- Censorship, Privacy, Anonymity

# Current Questions

- Natural evolution towards centralized systems?
  - Enablers? Inhibitors?
  - Recent trends?
  - Impact of EU Digital Services/Markets Acts?
- Decentralized systems
  - Standards/Open source: helpful or useless?
  - What works, what doesn't?
