

About Me

- ***Self-Introduction***

- Zikai Zhou
- PhD Student at ***Chair of Communication Networks***

- ***Research***

- P4Update: Fast and Locally Verifiable Consistent Network Updates in the ***P4 Data Plane***
- ***End-to-End*** Real-Time Behavior of Communication Endpoints in ***Delay***

Open Questions

- What networks need deterministic latency and why?
- What are the root causes of un-deterministic delay?
- What methodologies could be used to achieve deterministic delay regarding end-host?
- Is deterministic delay possible in re-configurable networks?
