

Trinh Viet Doan

Research Assistant and PhD Student
at Chair of Connected Mobility, TUM

MIR³
November 23-24, 2023

Research Interests

- Internet (De)Centralization
 - Internet measurements
 - Internet architectures and systems for DNS, Web, video streaming, content delivery
 - Impact of/on protocol deployment
- Effects of Centralization/Consolidation
 - e.g., Censorship, Privacy, Anonymity

Current Questions

- Centralization in decentralized systems?
 - (Recent) Examples?
 - Which components?
 - Necessity, efficiency, convenience?
- "Truly" decentralized systems?
