

Simon Leinen <simon.leinen@switch.ch>

- 1996–2011, 2020–: backbone team
- IETF: IPFIX, NETCONF
- Research interests:
 - Network measurement
 - Alternative Internet architectures
e.g. SCION, other src routing
- Engineering/ops: automation, accounting (Netflow/IPFIX), IPv6
- P4: RARE/freeRtr, packet broker
- Also DNS(SEC) for .CH/.LI
- 2011–2020: «cloud» (Infrastructure & Data)
- OpenStack, Ceph, Kubernetes
- «Whitebox» networking, L3 leaf-spine fabric

Questions

- How can networks/research effectively contribute to addressing the climate crisis?
 - Point out where it's *not* worth optimizing?
