

Course Overview

Wireless Internet Communication Seminar

<https://www.ce.cit.tum.de/cm/teaching/winter-term-2024-25/2024-seminar-wireless-internet-communication/>

Justus Fries, Trinh Viet Doan

October 16, 2024

Outline

1. Seminar Structure and Grading Scheme
 - a. Reviews
 - b. Presentation
 - c. Learning Outcomes
2. HotCRP Example and Reviewing Process
3. Presentation Examples
4. Organizational Matters

1. Seminar Structure and Grading Scheme

- ❑ Regular conference paper publication process:
 - Call for Papers: Submission until specified date
 - Round of reviews by technical committee: decision to accept/reject?
 - Presentation of accepted/revised papers during conference sessions
 - Followed by discussion and Q&A

 - ❑ In this seminar: Reviews + Presentations
 - Pre-selected (published) papers on Wireless Internet Comm.
 - Each student reviews papers for the sessions
 - Include 3 in-depth questions about the paper
 - Each student presents 1 paper (**~12-13 min + 5-7 min discussion**)
 - Include your own thoughts on the paper in 1 slide
- | | <u>Grading</u> |
|--|----------------|
| | 40% |
| | 10% |
| | 40% |
| | 10% |

1. Learning Outcomes

- ❑ Learn about latest research in the area of Wireless Internet Communication
 - Current problems, state-of-the-art methodology, open questions

- ❑ Acquire general skill set by taking roles of a reviewer and a presenter
 - Scientific conference/workshop, peer reviewing, paper publication process
 - How are good research papers presented in written form?
 - Importance of reproducibility and artifacts
 - Critical thinking while reading/reviewing papers and listening to talks
 - Questioning content, identifying strengths/weaknesses
 - Extract key results and main findings → takeaways
 - Presentation and discussion of results in concise manner for a talk

2. HotCRP Example (<https://hotcrp.com/>)

Paper summary

Please summarize the paper briefly in your own words.

Strengths

What are the paper's strengths? You may comment on the importance of the problems addressed, the novelty of the proposed solutions, the technical depth and potential impact.

Weaknesses

What are the paper's weaknesses? Just a couple sentences, please.

Technical Aspects

Is the research question well-motivated? What technical aspects are missing to understand the paper?

Security Considerations

Did the authors cover attacks and defense mechanisms (implicitly/explicitly)? Are there others that are missing?

Presentation of Proposal

Does the abstract convince the reader to read the full paper? Is the paper well-written and well-organized overall? Does the conclusion address the problem identified in the introduction?

2. Reviewing Process - Preliminaries

- ❑ Reviewing process: Invite to HotCRP instance
 - Check email address (login) in invitation email
 - Put your name into the registration/account form, otherwise no further information needed
 - Papers will be imported to HotCRP for reviewing

- ❑ Examples for public paper reviews:
 - SIGCOMM 2024 (sign up required)
<https://sigcomm2024-program.discourse.group/>
 - TheWebConf 2024 (OpenReview)
<https://openreview.net/group?id=ACM.org/TheWebConf/2024/Conference>

2. Reviewing Process

- ❑ Review form provides prompts to assist in commenting on the papers
- ❑ If you used AI assistance for writing (i.e., anything beyond Grammarly), you **must** mark anything produced by such tools (incl. which one you used)
- ❑ For in-depth questions:
 -  Avoid generic questions such as “*Can we apply AI/ML?*”
 -  Try to ask questions that, e.g., propose adjusting the design or configuration of the study and briefly elaborate on why
- ❑ Reviews due until presentation date **if not presenting** on that day
 - I.e., before a session, you either review OR prepare a presentation
- ❑ Overall 6 reviews throughout the seminar

3. Presentation Examples

- ❑ Presentations typically follow the structure of the paper
 - Motivate the subject (~15% of time)
 - Explain methodology or system design (~40% of time)
 - Keep it simple: don't lose yourself in details; add background if needed
 - Present and discuss **main/most interesting** results (~30% of time)
 - Usually summarized in abstract
 - Summarize main findings/conclusions and describe outlook (~10% of time)
 - Add your own thoughts on the paper in 1 slide (~5% of time)
 - E.g., what are strengths, weaknesses, limitations
- ❑ Practice your presentation: stay within the **time limit of ~12-13 min!**
 - Get feedback from your fellow students

4. Organizational Matters (1)

- Paper selection
 - List of seminar papers on Moodle
 - Send us your preferences by October 29, 2024, 23:59 via Email:
 - Papers: Top 5 papers in descending order
 - Presentation dates: Top 3 presentation dates in descending order
 - We will assign the papers and presentation dates by October 30, 2024, and announce them via Moodle.

4. Organizational Matters (2)

- ❑ Seminar sessions will take place roughly every two weeks to provide enough time for reading and preparation of papers via BBB (<https://bbb.cit.tum.de/jus-hpm-wom-1lk>)

Sessions start at 16:00

- ❑ Next dates:
 - Preferences — October 29 **(check Moodle!)**
 - Session 1 — November 13
 - Session 2 — November 27
 - Session 3 — December 11
 - Grading — Early January
