

Cyathlon Challenge: Mechanism Design & Control

Intelligent Neuroprostheses and Human Robotics

Hands-on, project-based course centered around the Cyathlon challenge, leveraging on the *Powered Arm Prosthesis Race*

Explore real-world applications of assistive technologies and prototype novel solutions that impact people's lives

Join our practical course!

We still have a few spots available!

Contact: patricia.capsi-morales@tum.de; cristina.piazza@tum.de

Location: TUM Siemens Technology Center,
Friedrich-Ludwig-Bauer-Straße 3, 85748 Garching campus.
Every Monday from 13:00 to 17:30, starting on October 27, 2025
